The Board of the Company is responsible for:

- (i) the overall operation and stewardship of the Company and its subsidiaries;
- (ii) charting the direction, strategies and financial objectives for the Company; and
- (iii) monitoring the implementation of those policies, strategies and financial objectives,

and is committed to protecting and enhancing shareholder values and conducting the Company's business ethically and in accordance with the highest standards of corporate governance.

Under the leadership of the Chairperson, the Board is responsible for setting the strategic direction for the Company, establishing goals for management and monitoring the achievement of these goals.

The Managing Director or Chief Executive Officer is responsible to the Board for the executive and day-to-day management, operation and administration of the Company in accordance with the strategy and policies approved by the Board. There is currently no Managing Director and/or Executive Officer and the Board carries out this role. In turn, the senior management team is responsible to the Managing Director and/or Chief Executive Officer and the Board relative to their particular areas of responsibility. The Managing Director and/or Chief Executive Officer is accountable to the Board for all authority delegated to the position.

The Company Secretary reports directly to the Board and supports the Board by advising on governance matters, monitoring implementation of policy and procedures, co-ordinating and timely despatch of Board papers and ensuring minutes accurately capture the business conducted at Board meetings.

Composition of the Board

Election of Board members is substantially the province of the Shareholders in Shareholder meeting. As the Company's activities develop in size, nature and scope, the composition of the Board and the implementation of additional corporate governance policies and structures will be reviewed.

The Company's Constitution provides that the maximum number of Directors is ten and the minimum number of Directors is three. The Company has five Directors serving on the Board. Detailed biographies of these Directors are provided in the Company's Annual Report.

When a vacancy exists, through whatever cause, candidates for board positions are nominated by the Remuneration and Nomination Committee for consideration by the Board and the whole Board decides on the recommendations of new directors made by the Committee.

In selecting new members for the Board, regard shall be had to the appropriate skills and characteristics needed by the Board as a whole. The Board shall endeavour to appoint individuals who would provide the mix of director characteristics, diverse experiences and background, perspectives and skills appropriate for the Company.

Potential new directors are subject to appropriate and prudent background and screening checks prior to appointment. Board candidates must stand for election at the next general meeting of shareholders following such appointment, where information is set out to shareholders including; biographical details, other material directorships, any material adverse information revealed by checks and details of interest, position, association or relationship that might have influence.

A letter of appointment is entered into with new directors and contains key terms and conditions relevant to that appointment.

Ethical standards

The Board is committed to the establishment and maintenance of appropriate ethical standards and has adopted a Code of Conduct that sets ethical standards to guide and enhance the conduct and behaviour of directors, officers, employees and consultants. The Code of Conduct is available on the Company's website at www.jadarlithium.com.au under Investor Information.

Independence of the board

The Board is responsible for the overall governance of the Company. Issues of substance affecting the Company are considered by the Board, with advice from external advisors as required. Each Director must bring an independent view and judgment to the Board and must declare all actual or potential conflicts of interest on an ongoing basis. Any issue concerning a Director's ability to properly act as a Director must be discussed at a Board meeting as soon as practicable, and a Director may not participate in discussions or resolutions pertaining to any matter in which the Director has a material personal interest.

The Company considers that a Director is an independent Director where that Director is free from any business or other relationship that could materially interfere, or be perceived to interfere with, the independent exercise of the Director's judgement. The Company has also assessed the independence of its Directors having regard to the requirements for independence which are set out in Principle 2 of the ASX Corporate Governance Principles.

In accordance with the Company's definition of independence, and the materiality thresholds set, the Company has reviewed the positions and associations of each of the 5 Directors and considers that 3 Directors are independent as follows:

Name	Status	Length of Service to 30 September 2018
Luke Martino	Not Independent	9 months
Nicholas Sage	Not Independent	9 months
Michael Davy	Independent	7.5 months
Martin Pawlitschek	Independent	7.5 months
